One point of contact for your clients' home services

City  
Utilities

Electricity

Home  
Security

Satellite or  
Cable TV

Change of  
Address

Internet

Moving  
Services

Home  
Warranty

## How Does This Work?

### We Reach Out 2-3 Weeks Before Close

Your client's information is submitted to Move Concierge at just the right moment in the moving process. Our approach is friendly with no pressure.

### Your Client Makes Their Selections

In one phone call we'll identify what your client wants to set up at the new place (TV, electricity, internet, security, etc). A personal concierge will then research the best local services and help your client finalize their selections.

### We'll Make the Connections

When your client has made their selections, we'll handle the rest! From scheduling to installations and activations, our service team will take care of the details.
